- Ride a bike that fits
- If riding on the road, ride in a straight line on the right side of the road in the same direction as traffic
- Know the rules of the road
- If riding on the sidewalk, be mindful of pedestrians
- Walk your bike across streets and make sure you look all ways for traffic
- Ride in a straight line
- Use hand signals

In 2021 the Township of Essa initiated its Operation Brain Freeze campaign in an effort to promote safe cycling etiquette, with a focus on the importance of wearing properly fitted helmets.

Operation Brain Freeze is a well loved program that allows Municipal Law Enforcement Officers to interact with youth in our communities that practice safe cycling and wear properly fitted helmets. Youth that are "caught" by Officers are awarded a certificate, a voucher for a frozen treat, in addition to a bike safety booklet from the Ministry of Transportation.

In 2022 Essa expanded Operation Brain Freeze to include a monthly draw to award a prize. When youth are caught by Municipal Law Enforcement Officers, their name will also go into a monthly draw for the chance to win bicycle safety equipment!

Operation Brain Freeze runs from May 1 to September 31 each calendar year. We would like to wish all youth the best of luck in getting caught, and remember -
CYCLE SAFELY!!
