TOWNSHIP OF ESSA

ZONING BY-LAW

BY-LAW NO. 2003-50

A By-law to prohibit the use of land and the erection or use of buildings or structures except for certain purposes; to regulate the height, bulk, location, size, floor area, spacing, character and use of buildings or structures; to require loading and parking facilities for buildings or structures erected or used for certain purposes; within defined areas in the Township of Essa.

THE COUNCIL OF THE CORPORATION OF THE TOWNSHIP OF ESSA ENACTS AS FOLLOWS:

SECTION 1: TITLE

This By-law may be cited as "The Zoning By-law of the Township of Essa".

SECTION 2: DEFINED AREA

This By-law applies to all lands included within the boundaries of the Township of Essa.

SECTION 3: DEFINITIONS

In this By-law, unless the context otherwise requires:

“Abandoned”
means the failure to proceed expeditiously with the construction of a work, specifically, abeyance of construction for six months.

“Accessory Building or Structure”
means any subordinate building or structure which is separate from or attached to the main building on the same lot and secondary to a principle permitted use of a building or structure; is not used for human habitation; and may include, a private garage, private greenhouse, swimming pool, patio shelter, carport, sewage disposal system, boat house, workshop, and implement shed, but shall not include a shipping container.

“Accessory Use”
means a use naturally and normally incidental to, subordinate to, or exclusively devoted to a principal use and located on the same lot therewith.

“Additional Residential Unit” or “In-Law Suite”
means a separate and self-contained dwelling unit that is subordinate to the Primary Dwelling and located within the same building or within a detached accessory building/structure on the same lot as the Primary Dwelling.

“Agricultural Use”

means a use of land, buildings or structures for the purpose of bee-keeping, livestock, fallow, field crops, forestry, fruit farming, horticulture, market gardening, pasturage, the housing of non-domesticated animals excluding exotic animals, or any other farming use.

“Alter”

means any alteration to a bearing wall, partition, column, beam, girder, or other supporting member of a building or structure, or any increase in the area of a building or structure.

“Apartment Building”

means a residential building containing five or more dwelling units, each of which shall have access from an internal corridor system but does not include a boarding or rooming house, or row dwellings.

“Areas of Natural and Scientific Interest”

means areas of natural and water containing natural landscapes or features that have been identified by the Province or an appropriate authority as having life science or earth science values related to protection, scientific study, or education.

“Attached”

means a building otherwise complete in itself, which depends on structural support, or enclosure, on a division wall or a wall shared in common with at least 25% of a wall of the principle building.

“Automobile Body Shop”

means a building where automobile cleaning, polishing, body repair, or repainting is conducted but shall not include any other automotive use.

“Automobile Repair Garage”

means a building where motor vehicles are repaired or serviced, and where gasoline, lubricants, and automotive parts and accessories are kept for sale.

“Automotive Sales Establishment”

(new and used) means a building and/or lot used for the display and sale of new and used motor vehicles and may include the servicing, repair, cleaning, polishing, greasing, body repair, and repainting of motor vehicles, the sale of automotive accessories and related products, and the leasing or renting of motor vehicles but shall not include any other defined automotive use.

“Automotive Service Station”

means a building or place where gasoline or other motor fuels are kept for sale and for delivery directly into a motor vehicle, and for the sale to the motoring public of goods usual to the trade but does not include a repair garage or motor vehicle sales room.

“Bachelor Unit”

means a dwelling unit in which only one room or part thereof contains sleeping accommodation and which room is used as a living or dining room, or both, as well as for sleeping purposes but does not mean or include a dwelling unit containing one or more rooms designed exclusively for sleeping accommodation.

“Basement”

means that portion of a building between two floor levels which is underground, but which has at least one-half of its height, from finished floor to finished ceiling, above the average finished grade.

“Bed and Breakfast”

means a dwelling in which lodging with or without meals is supplied for gain, up to four bedrooms but does not mean or include a motel, hotel, hospital or similar commercial or institutional use, or

apartment building. The Bed and Breakfast shall be owned and operated by one or more persons residing on the premises during operation as a Bed and Breakfast.

“Boarder”

means a person other than an owner, lessee, tenant, or person related thereto, to whom meals may or may not be provided and where lodging is provided for compensation.

“Boarding or Rooming House”

means a dwelling in which lodging is provided for between 5-8 tenants but shall not include a group home, hotel, motel, children’s home, or a bed and breakfast establishment, or other similar establishments.

“Buffer Strip”

means a portion of a lot that is dedicated to landscaping and the growth of vegetation, for sole purpose of providing a barrier or buffer.

“Building”

means a structure consisting of a wall, roof, and floor or any part of, or a structural system, in accordance with the Building Code Act.

“Building Height”

means the vertical distance between the average finished grade at all corners of a building, and

- a) the highest point of a flat roof; or
- b) the deck line of a mansard roof; or
- c) the mean height between the eaves and ridge of a gabled or hip roof.

In calculating the height of a building, any construction used as ornament or for the mechanical operation of the building such as a mechanical penthouse or a chimney, tower, cupola, silo, or steeple, shall not be included.

“Building, Main”

means a building or structure in which the principle use of the lot on which it is situated is conducted. In a residential zone, the dwelling is the main building.

“Bulk Storage Yard”

means a place where land is used for storage, in the open, of goods and materials, machinery, petroleum products, and/or equipment, but does not include a salvage, junk, or scrap yard.

“Campground”

means any parcel of land that is zoned for the siting of recreational vehicles or tents on a seasonal basis.

means a building or structure, commonly a modular or park-model permanent home, used as a secondary dwelling unit on a property already containing a dwelling unit as a permitted use, to exist only in accordance with the following:

- a) the secondary residence is to be no larger than the primary residence, measured in terms of gross floor area;
- b) the secondary residence is to be occupied by an elderly parent of an occupant of the primary residence; and
- c) all other provisions as contained in the Official Plan for the Township.

“Greenhouse”

means a building for the growing of plants, shrubs, or trees.

“Group Home”

means a building or buildings licensed or approved under Provincial Statute, in which no fewer than 3 people, but no more than 8 people, not including staff or other family members, live as a single housekeeping unit under responsible supervision consistent with the requirements of its residents.

“Highwater Mark”

means the mark made by the action of water under natural conditions on the shore or bank of a body of water, which action has been so common and usual and so long continued that it has created a difference between the character of the vegetation or soil on one side of the mark and the character of the vegetation or soil on the other side of the mark.

“Home Occupation”

means a gainful occupation conducted entirely within a dwelling house and/or an accessory building by those people residing on a lot provided that:

- a) there is no external display or advertising other than a sign erected in accordance with any by-laws of the corporation regulating signs;
- b) there is no external storage of goods, materials or equipment;

- c) such home occupation is clearly secondary to the main residential use and does not change the residential character of the dwelling or lot, nor create or become a nuisance in terms of noise, traffic or parking;
- d) no more than 25% of the gross floor area of the dwelling unit is used for the home occupation use or 25% of the gross floor area of an accessory building;
- e) the office of a professional practitioner or of an agent may be located in a dwelling used as his private residence provided that such offices are to be used by the practitioner or agent and only one additional staff member;
- f) no facilities shall be provided to the public other than for private consultation or emergency treatment;
- g) in no case shall the boarding of animals, auto sales and sales of motorized vehicles, auto body, or auto repair uses be classified as a home occupation; and
- h) anyone living in the home, of driving age and employed by the home occupation, or who drives to earn their living, may park one vehicle associated with the home-based business or their source of income in the driveway of the premises.

4.1 Interpretation

- a) Nothing in this By-law shall be construed to exempt any person from complying with the requirement of any by-law of the Municipality or the Corporation of the County of Simcoe or from any law of the Province of Ontario or Canada.
- b) Where the boundary line of a zone does not correspond to a property line, the centre line of a street, right-of-way, or watercourse, the location of said boundary line shall be scaled from the scale indicated on Schedules "A" to "H" inclusive.
- c) For the purposes of this By-law all numeric standards use the metric system, where "m" means metres.

The numeric standards may be converted into the imperial system by multiplying 3.2808 to any distance-related measurement, and 10.7639 to any area-related measurement.

- d) In this By-law the word "shall" is mandatory.

4.2 Zones

The following zones are established within the Township of Essa and such zones may be referred to by the following symbols:

Zones	Acronym	Zones	Acronym
<u>Residential</u>		<u>Industrial</u>	
Low Density, Detached	R1	General Industrial	M1
Low Density, Semi-Detached	R2	Potential Aggregate	M2

4.3 Schedules and Appendices

Schedules "A" to "H" and Appendices "A" to "B" inclusive attached hereto are declared to form part of this By-law and indicate by zone symbols the boundaries of the zones to which the provisions of this By-law shall apply.

4.4 Conformity

No person shall use any land or erect any building or structure within a zone except for a permitted use and in accordance with the regulations provided by this By-law for the zone in which it is located.

4.5 Frontage on a Public Street

All building lots shall have frontage on a public street or highway excluding an unopened road allowance.

4.6 Requirement for Lot

Except as otherwise provided in this By-law, no building or structure shall be erected, altered, extended, or enlarged except upon a lot nor shall any land be used for any permitted use unless it comprises a lot.

4.7 Restrictions on Changes

Except as a result of the actions of any public authority having statutory powers of expropriation, no person shall change the purpose for which any land or building or structure is used, or erect any new buildings or structures, or add to any existing building or structure, or sever any lands from any existing parcel if the effect of such action is to cause the original, adjoining or remaining buildings or structures or lands to be in contravention of this By-law.

4.8 Minimum Lot Areas

The minimum lot area shall be subject to the provisions declared in the "Minimum Lot Area" Subsection of each zone category, or such larger area as may be required by the appropriate authority pursuant to the provisions of the Building Code Act.

4.9 Measurement of Setback and Yard Requirements

Where the regulations of a zone include a requirement that the minimum yard of a lot or parcel of land shall be a specific number of metres, such minimum yard shall be determined by measuring at right angles from the street line of the abutting public street in the direction of such lot or parcel of land a distance equal to the said specific number of metres in the relevant regulation of such particular zone.

4.10 Restoration to a Safe Condition

Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of any building or structure, provided that such strengthening or restoration will not change the height, area or volume so as to contravene the provisions of this By-law.

4.11 Replacement of Dwellings

An existing dwelling in any zone may be replaced with a new dwelling in the case of partial or complete destruction caused by fire, lightning, explosion, tempest, flood or any other natural disasters, or demolition by Order of this Corporation of the Township of Essa, the Simcoe County District Health Unit or other authority for safety, health, or sanitation requirements, provided that:

- a) If in the EP Zone, approval is obtained from the Nottawasaga Valley

Conservation Authority and any other applicable government agencies.

4.12 Uses Permitted in all Zones

- a) Nothing in this By-law shall prevent the use of any land as a public street or public park.
- b) Nothing in this By-law shall prevent the use of any land for the erection of buildings or structures or the installation of other facilities essential to the operation of public utilities, provided that any such use, building or structure shall be in substantial compliance with the relevant provisions of this By-law and shall not adversely affect the character or amenity of the neighbourhood in which same is located.
- c) Nothing in this By-law shall prevent the erection of any properly authorized traffic sign or signal, or any sign or notice of any local or other government department or authority.
- d) Nothing in this By-law shall prevent the use of any land for the erection or use of any building or structure for the purpose of a public service by The Corporation of the Township of Essa, any telephone or communications company, or any Ministry of the Government of Ontario or Canada including a hydro authority, providing that:
 - 1. No goods, materials or equipment shall be stored in the open;
 - 2. The lot coverage and yard regulations prescribed for the zone in which the use, buildings or structure is located are complied with; and
 - 3. Any building erected under the authority of this paragraph shall be designed and maintained in general harmony with the buildings or structures permitted in that zone.

4.13 Temporary Uses

Nothing in this By-law shall prevent the use of any land, or the erection or use of any building or structure for a construction camp, work camp, tool shed, scaffold, sales trailer, or other building or structure incidental to and necessary for construction work, or sales, on the premises, but only for so long as such use, building or structure is necessary for such construction work which has not been finished or abandoned.

4.14 Truck, Bus and Coach Bodies

Except as otherwise specifically permitted in this By-law, no truck, bus, coach, railway car, streetcar body or structure of any kind, other than a dwelling unit erected and used in accordance with this and all other by-laws of the Township, shall be used for human habitation, whether or not the same is mounted on wheels or other form of mounting or foundation.

4.15 Prohibited Uses

- a) Except as otherwise specifically permitted in this By-law, the following uses are prohibited in any zone:
 - 1. Refining coal oil or petroleum products;
 - 2. Tanning hides or skins;
 - 3. Manufacturing gas;

4. Manufacturing glue;
 5. A track for the use of motorized vehicles including, "motocross", "dirt-bikes" or any other all-terrain vehicles, go-carts, snowmobiles, stock cars, and other vehicles propelled or driven otherwise than muscular power or wind;
 6. A junk-yard, salvage yard, or automobile wrecking yard; or the collection, storage, or sale of: junk, salvage, partially or completely dismantled motor vehicles, or unlicensed vehicles; and
 7. Locating or storing on any land for any purpose whatsoever any disused railroad car, streetcar body, truck body, or trailer with or without wheels, whether or not any of the above is situated on a foundation.
 8. Notwithstanding any setbacks contained within this By-law, no structure shall be permitted where it may impede drainage.
- b) In addition to the uses prohibited in clause (a) of this Subsection, any use is prohibited which, from its nature or the materials used herein, is declared to be a noxious trade, business or manufacture.
 - c) In addition to the uses prohibited in clause (a) of this Subsection, all uses of land and the erection or use of any building or structure for a purpose not permitted under the "Permitted Uses" Subsection of one or more zones established by this By-law are and shall be deemed to be prohibited in each zone, except for those uses of land and the erection or use of any building or structure for a purpose expressly permitted under the applicable provisions of Section 4 hereof.

4.16 Signs

Signs shall be permitted in all zones subject to the provisions of a Sign By-law of a Municipality enacted under the Municipal Act, as amended from time to time.

4.17 Noxious Uses

Notwithstanding anything contained herein, no land shall be used and no building or structure shall be erected, altered or used for any purpose which is obnoxious, as defined by Provincial legislation, and without limiting the generality of this Subsection, for any purpose that creates or is likely to become a nuisance or offensive, or both:

- a) By the creation of noise or vibration; or
- b) By reason of the emission of gas, fumes, smoke, dust, or objectionable odour; or
- c) By reason of the unsightly storage of goods, wares, merchandise, salvage, refuse matter, motor vehicles, trailers, or parts of vehicles or trailers, machinery or other such material; or
- d) By any combination of these things described in clause (a), (b) and (c) of this Subsection.

4.18 Cellar

Notwithstanding anything contained in this By-law, no cellar or part of a cellar of any building shall be used as a whole dwelling unit, and the whole or any part of a cellar shall not be used for calculating the required minimum gross floor area of any dwelling unit.

4.19 Daylighting Triangles at Railway Crossings

Notwithstanding anything contained in this By-law, where any public street crosses a railway, no building or structure shall be erected within 15.0 m of the daylighting triangle with perpendicular dimensions of 46.0 m.

4.20 Daylighting Triangles at Street Intersections

Where any two public streets intersect; no buildings or structures, trees, shrubs, hedges, signs, fence or wall shall be planted, erected, or maintained within the required daylighting triangle.

4.21 Swimming Pools

Notwithstanding anything contained in this By-law, a swimming pool is permitted as an **accessory use** to a permitted residential use:

- a) In the front or exterior side yard of any lot provided no part of such pool is located closer to any lot line than the minimum distance required for the principle building located on such lot; and the maximum height of such pool and any required fence is not more than 2.5 m above the average finished grade level of the ground;
- b) In the rear yard or any interior side yard of any lot provided no part of such pool is located closer to any lot line than the minimum distance required for an accessory building;
- c) In accordance with all other by-laws of the Municipality, including by-laws regulating fencing.

4.22 Multiple Uses

Notwithstanding anything contained in this By-law, where any land, building, or structure is used for more than one purpose, all provisions of this By-law relating to each use shall be complied with but no building shall be located within 3.0 m of any other building on the same lot except a building accessory to a dwelling. A dwelling used as an accessory use in the same building will be allowed where permitted by this By-law.

4.23 Non-Conforming Uses

This By-law shall not apply to prevent the use of any land, building, or structure for any purpose prohibited by this By-law if such land, building, or structure was lawfully used for such purpose on the date of passing of the By-law and so long as it continues to be used for that purpose; or to prevent the construction or use of a building or structure, the plans for which have been submitted prior to the date of passing of the By-law so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected.

4.24 Height Exception

Notwithstanding the height provisions of this By-law, nothing in this By-law shall apply to prevent the erection of a church spire, belfry, clock tower, chimney, farm building or structure, silo, water tank, windmill, radio, radar or communications tower, or antenna.

4.25 Non-Compliance of Existing Uses

Where a building has been erected prior to the date of passing of this By-law on a lot having less than the minimum frontage, depth or area, or having less than the minimum setback(s) required by this By-law, the said building may be enlarged, repaired, or renovated provided that:

- a) The enlargement, repair, or renovation does not further reduce a yard containing less than the minimum required by the By-law; and
- b) All other applicable provisions of this By-law are complied with.

4.26 Setbacks from Streams and Watercourses

Notwithstanding the provisions of this By-law, a special setback of 30.0 m shall be required between any proposed building or structure and the high water mark or top of bank (the slope of which exceeds 33%) of a watercourse whether or not such stream or watercourse is shown on any schedule forming part of this By-law. Notwithstanding the foregoing, this Section shall not apply to property described as Part Lots 4 and 5, Concession 6 (5559 6th Line).

Where a zone symbol on the attached schedules is followed by an AFF@, this symbol applies to lands that are within the Flood Fringe.

4.27 Sewage Disposal

No building permit will be issued for any building or structure which requires a septic tank unless the building permit application is accompanied by approval in writing from the authority responsible for the approval of sewage disposal systems.

4.28 Off-Street Parking Requirements

4.28.1 Space Requirements

For every building or structure to be erected or enlarged, altered, or its use converted, off-street parking spaces exclusive of aisles or driveways, shall be provided and maintained in conformity with the following provisions and other provisions contained in the By-Law unless otherwise specifically provided.

4.28.2 Minimum Parking Stall Dimensions

Angle of Parking Space	Width of Parking Space	Length of Parking Space	Required Aisle Maneuvering Space
0 degrees	2.5 m	6.7 m	3.7 m
15 degrees	2.5 m	6.7 m	3.7 m
30 degrees	2.7 m	6.0 m	3.7 m
45 degrees	2.7 m	6.0 m	4.5 m
60 degrees	2.7 m	6.0 m	5.5 m
75 degrees	2.7 m	6.0 m	6.0 m
90 degrees	2.7 m	6.0 m	6.0 m

4.28.3 Minimum Barrier-free Parking (2012-35)

The following number of accessible parking spaces shall be required, depending on the total overall number of parking spaces required. The dimensions of each accessible parking space, associated aisle width and location from an entrance shall be stipulated by the Accessible Built Environment Standard and other applicable law such as the *Accessibility for Ontarians with Disabilities Act (AODA)* or other Provincial legislation in force and effect.

No. of Parking Spaces Required	Minimum Barrier-free Parking Spaces Required	Type A (vans) – refer to definitions of the Accessible Built Environment Standard	Type B (Cars) – refer to definitions of the Accessible Built Environment Standard
1	0	n/a	n/a
2-5	1	1	n/a
6-20	2	1	1
21 or more	5%	50% of that required	50% of that required

Suggested dimensions are as follows:

- Type A – parking space width of 2.6 m with a 2 m aisle width or that contained within any other governing Provincial legislation; and
- Type B – parking space width of 2.4 m with a 1.5 m aisle width or that contained within any other governing Provincial legislation.

All uses, buildings and structures not specified above.	One space for each 28.0 m ² or fraction thereof of gross floor area.

- 4.28.5**
- a) Each parking space must be readily accessible at all times and arranged in such a manner to provide access and maneuvering space for the parking and removal of a motor vehicle.
 - b) Ingress and egress to and from the parking facilities prescribed by this Subsection shall be provided by a sufficient number of adequate, unobstructed driveways.
 - c) Where a ramp to parking facilities provides access from a street, such a ramp shall not be located closer than 7.5 m from the street line and a level stopping space shall be provided between the ramp and the street at street grade so as to provide adequate vision to the street in both directions.
 - d) In the case of a parking structure completely or partly below finished grade it shall not be necessary to comply with the setback requirements of the particular zone except that the minimum distance between such a structure and the street line shall be 7.5 m.
 - e) Where a building or structure accommodates more than one type of use the parking requirements for the whole building shall be the sum of the requirements for the separate parts of the building occupied by the separate types of uses.
 - f) The parking requirements referred to herein shall not apply to any building in existence at the date of enactment of this By-law so long as the floor area as it existed at that date is not increased or the use changed. If an addition or change in use is made then additional parking spaces shall be provided to the number required for such addition or change in use.
 - g) Where parking requirements are related to seating capacity and seating is by open benches, each 0.5 m of open bench shall be counted as one seat.
 - h) Where the application of ratios results in a fraction of a parking space the required number of spaces shall be increased to the next whole number.
 - i) The lights used for illumination of a parking area shall be so arranged as to divert the light away from the adjacent lots.
 - j) A structure not more than 4.5 m in height and not more than 4.5 m² in area may be erected in the parking area for the use of parking attendants.
 - k) No sign other than directional signs and the name of the owner which shall not exceed 1.0 m² in total area shall be erected in any parking area.

- l) No gasoline pump or other service station equipment shall be located or maintained within any parking area.
- m) Entrances and exits to parking spaces shall not pass through zones other than the zone requiring the parking spaces.
- n) Where off-street parking abuts a residential zone, a barrier at least 0.9 m in height shall be erected and maintained at least 3.0 m from the lot line and the land between the barrier and the lot line shall be landscaped.
- o) No parking or loading facility or part thereof shall be located and no land shall be used for the temporary parking or storage of any motor vehicle within 1.5 m of any lot line or street line or within 3.0 m of the boundary of any residential zone.

4.28.6 Location

Parking for a structure shall only be permitted on the lot where the structure is situated.

4.28.7 Ingress and Egress Restrictions

The following shall be imposed on non-residential lots that require a place for patrons and consumers to park motor vehicles;

- a) A parking area that contains more than 5 spaces, must have an entrance of no less than 9.0 m in width.
- b) A parking area with up to 5 spaces the minimum width of an entrance is 6.0 m.
- c) A landscaped buffer strip of 3.0 m shall be implemented and maintained when a non-residential zone has an access point adjacent to a residential zone.

4.29 Off-Street Loading Requirements

For every building or structure to be erected, altered, or its use converted to a commercial or industrial use, involving the frequent shipping, loading or unloading of persons, animals, goods, wares, or merchandise, off-street loading facilities shall be provided and maintained upon the same lot on which the principal use is located and in accordance with the following table:

Gross Floor Area	Quantity of Loading Spaces	Size of Loading Space		
		Length	Width	Height
0.0 m ² to 500 m ²	Nil			
501 m ² to 2,000 m ²	1	9.0 m	3.0 m	4.5 m
2,001 m ² to 5,500 m ²	2	16.0 m		
5,501 m ² to 10,000 m ²	3			
Each additional 8,000 m ² or part thereof in excess of 10,001 m ²	1			

4.29.1 Size of Loading Spaces

For any building or structure that requires a loading space, the loading spaces must

comply with the standards set out in the preceding table.

4.30 Parking and Loading Facilities

Any parking area, parking space, loading space, driveway, manoeuvring area, or aisle required to be provided or permitted according to the provisions of this By-law for any use in any zone, other than parking facilities for a dwelling or for any agricultural use, shall be provided and maintained with a concrete, asphalt, or bituminous gravel surface and adequate drainage facilities.

- 4.30.1**
- a) Each loading space must be readily accessible at all times and arranged in such a manner to provide access and manoeuvring space for the parking and removal of a motor vehicle.
 - b) Ingress and egress to and from the loading facility shall be provided by a sufficient number of adequate, unobstructed driveways.
 - c) No part of a loading space shall be located closer than 7.5 m to a road allowance.

4.31 Yard Requirements

Every part of any yard required to be provided in any zone shall be open and unobstructed by any structure from the ground to the sky, except that:

- a) Sills, belt courses, cornices, chimney bases, eaves or gutters, or pilasters may project into any required yard a distance of not more than 0.6 m; and
- b) Bay windows, balconies, canopies, or steps may project into any required front or rear yard a distance of not more than 1.0 m.
- c) Accessibility ramps and entrance features to accommodate for accessible aids are to be 0.6 m from side yard lot lines, and 1 m from a front lot line, so long as they do not interfere with side yard swales, drainage affecting neighbouring properties, traffic or public safety. (2013-14)

4.32 Exemption from Lot Frontage and Lot Area Requirements

Notwithstanding anything contained in this By-law, a parcel which is situated in any zone and which lacks either the required frontage or area, or both the required frontage and area, for a lot in the respective zone, is and shall be deemed to be a lot provided that:

- a) The description of such parcel is the same as in a deed registered on or prior to the date of passing of this By-law; and
- b) Such parcel could have been conveyed legally on the date of passing of this By-law.

4.33 Lands Severed by Hydro Authority

Where a hydro authority acquires lands for the purpose of a distribution or transmission line and such acquisition deprives a parcel of land of street frontage, the part of such parcel so deprived of street frontage shall be deemed for the purpose of this By-law to have frontage provided that such parcel has a permanent right of access.

4.34 Special Setbacks

- a) Notwithstanding any other provisions of this By-law where a lot abuts Provincial Highway 89, the provisions of the Public Transportation and Highway Improvement Act shall apply with regard to building setbacks from the highway centre line or right-of-way and other related matters.
- b) Notwithstanding any other provisions contained in this By-law, where a lot abuts a County Road, the provisions of the County of Simcoe shall apply with regard to setbacks from the road centre line or right-of-way and other related matters.
- c) Notwithstanding the provisions of this By-law, where a detached dwelling or accessory use is to be erected in a built-up area where there is an established building line, such dwelling or accessory use is not to be erected closer to the street line or to the centre line of the road or street, as the case may be, than the established building line on the date of passing of this By-law.
- b) Where a lot abuts a right of way containing a high pressure fossil fuel pipeline, a minimum building and/or structure setback shall be 10.0 m, from the edge of the right of way.
- c) Notwithstanding any other provisions of this By-law, where lands abut a settlement area, no new C4 uses will be permitted. (By-law 2008-24)

4.35 Dwelling Unit in Non-Residential Building or Lot

No person shall use any lot, or erect, alter or use any building or structure for the purpose of a dwelling unit on a lot zoned other than for a residential use or within a portion of a non-residential building except in accordance with the following regulations:

- a) The dwelling unit shall have a minimum floor area of 56.0 m²;
- b) The dwelling unit shall have a separate washroom and kitchen facilities from those of the non-residential use;
- c) The dwelling unit shall have a separate building entrance than that provided for the non-residential use;

SECTION 36: BY-LAW ADMINISTRATION, ENFORCEMENT AND VALIDITY

36.1 Zoning Administration

This By-law shall be administered by a person appointed by the Council of the Township of Essa as the Zoning Administrator.

36.2 Inspection of Land or Buildings

Where the Zoning Administrator has reason to believe that any person has used land, or used a building or structure contrary to this By-law, he, or an employee of the Township, authorized by him, may at any reasonable hour, enter and inspect the land, building or structure in accordance with provisions of the Planning Act.

36.3 Issuance of Permits

Where land is proposed to be used or a building or structure is proposed to be erected or used in violation of this By-law, no permit or license required under any by-law of the Corporation for the use of land or for the erection or the use of the building or structure shall be issued.

36.4 Application and Plans

In addition to the requirements of the Building and Plumbing By-law of the Township, every application for a building permit shall be accompanied by a site plan, drawn to an appropriate scale, showing the proposed location, height and dimensions of the building or structure or work in respect of which the permit is applied. The application shall also include a site plan containing the location of every building or structure already erected on or partly on such lot, together with a plan and a statement signed by the owner or his agent duly authorized thereunto in writing, filed with the Zoning Administrator. Such statement shall set forth in detail the intended use of each building and structure or part thereof and all information necessary to determine whether or not every such building or structure conforms with the aforesaid regulations of this By-law. Every application which involved the installation, enlargement or reconstruction of a sewage disposal system shall be accompanied by approval in writing from the appropriate approval authority for the proposed method of sewage disposal.

36.5 Violation and Penalties

Any person convicted of a breach of any of the provisions of this By-law shall forfeit and pay in the discretion of the convicting judge a penalty, under the provisions of the Planning Act. The conviction of an offender of a breach of any of the provisions of this By-law shall not prevent further prosecution of the same offender upon any subsequent new, continued, or repeated breach of the same or any other provision of this By-law, and the presiding judge may convict any offender for each new, continued, or repeated breach of this law, and impose upon each conviction any penalty in accordance with the provisions of the Planning Act.

36.6 Certificate of Occupancy Required for Conformity

No change in the use of any land, building or structure in the Township of Essa now or hereafter erected shall be permitted without first obtaining a Certificate of Occupancy from the Township indicating that the proposed use is in conformity with this By-law.

36.7 Validity

If any Section, clause or provision of this By-law, including anything contained on Schedules "A" to "H" and Appendices "A" to "B" inclusive, attached hereto, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof other than the Section, clause or provision so declared to be invalid and it is hereby declared to be the intention that all the remaining sections, clauses or provisions, of this By-law shall remain in full force and effect until repealed, notwithstanding that

one or more provisions thereof shall have been declared to be invalid.

36.8 Existing By-laws

All by-laws in force within the Corporation regulating the use of lands and the character, location, bulk, height and use of buildings and structures shall be repealed.

36.9 Effective Date

This By-law shall come into force and take effect upon being passed by Council and in accordance with the provisions of the Planning Act.
